

MIX.ING.

Mixing Technology made in Germany

Walk a new path and strengthen our team.

Pemat is an innovative medium-sized company based in the Pfalz. With over four decades experience developing and manufacturing products for mixing we are now innovative pioneers of mixers and skip hoists. Using our know-how, we help customers optimise processes, ensure quality, protect raw materials, and help them find the best mixing solution for every requirement. Our products are developed exclusively in Germany, manufactured using resource saving processes and sold worldwide. Furthermore, we design and build complete batching plants worldwide, which ensure perfect mixing results through efficient processes.

Because of our positive business development in the last 40 years, we are looking for a fitter (m/f/d) to strengthen our team as soon as possible.

Fitter (m/f/d)

Job description:

- Dealing with clients and subcontractors personally and in a professional manner.
- Completion of repairs and conversion work on mixers.
- Conversion of batching plants at home and abroad.
- Construction of batching plants worldwide.
- Management and organisation of construction sites.
- Compliance with all quality, operational and safety regulations.
- Participate in on-site meetings with the client and lead on-site meetings with subcontractors.
- Supervise commissioning processes.

Your profile:

- Completed trade training in metal working, mechatronics engineering or similar would be desirable
- Broad technical knowledge
- Welding skills
- General computer skills
- Competent level of English
- Willingness to travel
- Target orientated, self-sufficient and responsible work ethic
- Organisational skills and confidence
- Driving licence class BE/C1E

MIX.ING.

Mixing Technology made in Germany

We offer:

- Company vehicle
- Mobile phone and notebook
- Attractive compensation package with pay scale bonus
- Bonus (z.B. VWL)
- provision of personal protection equipment and work clothing (PPE)
- 30 days annual leave
- secure and permanent employment contract

Additionally, you can expect interesting and varied work assignments with plenty of room for autonomous work in a highly motivated and collegial team.

If in addition to your trade skills you can bring commitment, flexibility and are a team player then you are the ideal mix for us.
